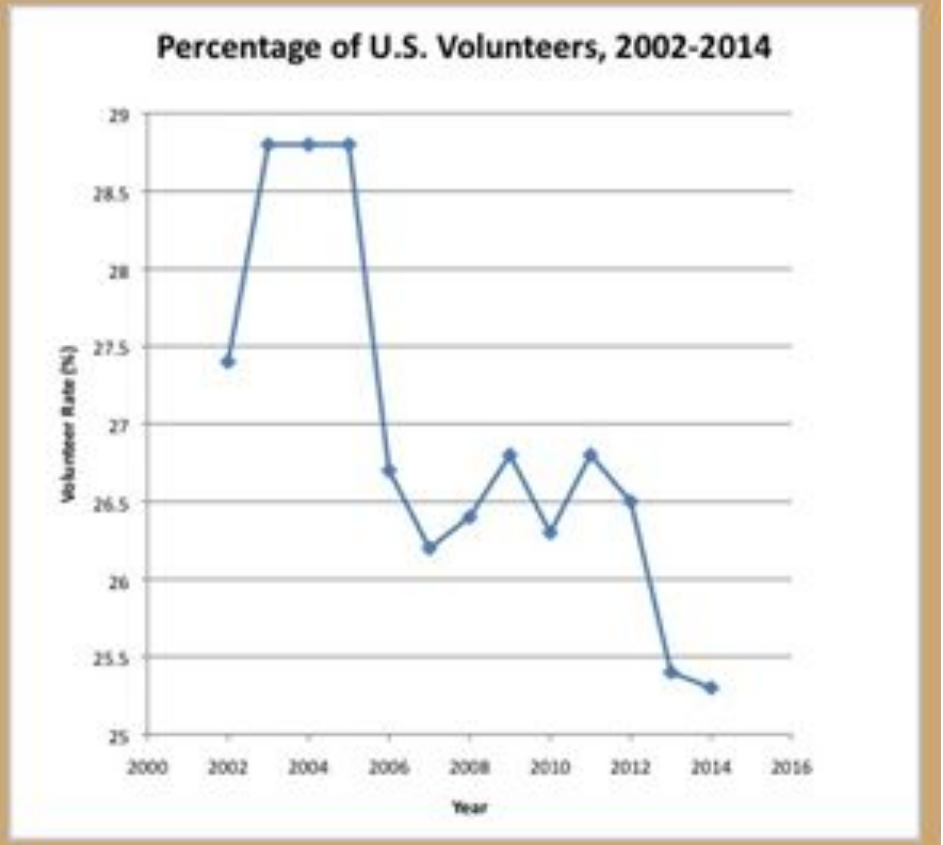
ServeCentral

serving those who serve

"I didn't know of any service events in the area."



Bureau of Labor Statistics

Issues with volunteering research

- Finding new volunteer opportunities is hard
- Inconsistent and confusing registration processes
- Human Nature

Solution

- All registration in one simple application
- All event and company information in one location
- User statistic tracking

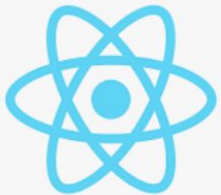
Technical Solution and Architecture

Firebase

And

React Native



One user friendly mobile application

Databases to store an organization’s information

Success

- Fully functional web and mobile application
  - User can create and account
  - Find an event
  - Sign up for an event
- Firebase is fully integrated with our application
- One company/organization event hosted on our app
